Publication Date: Wednesday, 9 September 2026 – **10:11 A.M. (EDT)**

**** SUMMARY: Stereo Audio Logs, Email PDF, and 3-Program Caller Length Telemetry** | Definitive archival record for August 22, 2026, combining a “Fair Use” STEREO audio cut (LEFT: Radio / RIGHT: Caller), official electronic correspondence, and comparative runtime metrics across three broadcast segments, to examine the claims by call-screener, Lisa Jempty, to caller, Gordon Wayne Watts, that his calls were “too long.” [*Editor's Note: Jempty should not be blamed if she's discovered to be lying about Watts, as she's merely a call-screener, uninitiated to the genuine truth/facts, and only following orders – probably by regular OLL show host, Dr. Michael Rydelnik – but, if false, this is **Biblically & Scripturally** “bearing false witness,” so – while this term, “lying,” may seem “offensive” to some, as The Gospel is often an offense to those who do wrong the term “lying” = “bear false witness,” and thus **Scripturally sound. PROOF: Rom. 9:33, 16:17 ; Jas. 2:10, 3:2 ; I Pet. 2:8 ; Cf.: Matt. 11:6, 13:57, 15:12, 24:10 ; John 6:61 ; I Cor. 10:32 ; II Cor. 11:7***]

**** CONTEXT:** Caller, Gordon Wayne Watts (Plant City, FL / WKES 91.1 FM), who has only had one on-air call-in to OPEN LINE LIVE in recent memory (his 5-16-2026 call to OLL, when Dr. Mike Fabarez was guest-hosting) within **the last ten (10) years**, and thus **not a frequent caller** (even when counting a few call-in's where he was told his question *was* too difficult and/or **not acceptable, for reasons unknown**, and not put on-air), called in to OLL with a short end-times question (“*First, if there is a publicly announced 7-year peace treaty (Daniel 9:27), wouldn't people be able to count down the exact timeline, destroying the idea of 'imminence'? Second, wouldn't the sudden vanishing of millions of people in a Rapture cause global panic, completely destroying the 'peace and safety' mentioned in 1 Thess 5:3?*”), which – for convenience to OLL producers – he'd also emailed OLL's mailbag the prior week (Sun, Aug 16, 2026 at 8:30 AM – see data table below). Call-screener, Lisa Jempty, told Watts that she could not put him on-air, allegedly, because his prior call-in's were “**too long,**” **not because of question difficulty**.

**** CLAIM:** Caller is not allowed on-air because his prior call-in's are “**too long,**” **not because of question difficulty**.

**** THEORY:** This claim seems false, based on objective data (Christians must not “bear false witness,” but rather “seek Truth,” so we investigate this properly to honour Sovereign King Jesus and clear Scriptural truth standards).

**** METHODS and MATERIALS:** The claim about Watts being “too long” compares his “one and only” genuine on-air call (5/16/26) with all the other callers in both that show (5/16/26) and those immediately before/after (5/9/26, and 5/30/26, but skipping 5/23/26, because this show was an “all mailbag” show with no live callers).

**** RESULTS:** For the reasons outlined below, the screener's claims were found to be false on *multiple* fronts.

**** RAW DATA:** Audio taken from official MOODY AUDIO sources, and reviewed here, but audio files reviewed were not published due to copyright prohibitions. For confirmation, see official Moody Audio website.

**** ANALYSIS: Caller, Gordon Wayne Watts, seeks to “Test the Spirits” of screener's claims of “too long,” based on objective analysis of data and well-documented facts.**

Of the 38 calls to the 3 shows, shown above, **4 of 38** were either longer than my **7:29** call, or almost as long:

Julie: **8:14**, Samantha: **8:41**, and Hammah: **7:38**, and one other (Tony: **7:10**) was very close to mine.

**** QUESTION POSED: So, if Lisa, the call screener, is correct that my “calls” (I just called once in as far as I can remember) were (was) too long, does this mean that the other 4 callers with calls longer than (or almost as long) as mine are unwelcome to ever call in and be put on air, as Lisa told me? YES//NO**

**** WHICH “CALL?”:** My only on-air call-in to OLL within recent memory, this past decade (10 years), was my Sat. 5/16/2026 call-in to OLL when Dr. Mike Fabarez was guest-hosting for Dr. Michael Rydelnik. Thus, any reference to my “calls,” can **logically/truthfully only** refer to this ****sole**** call-in. So, when Jempty refers to

“your questions go on a little bit longer...too long,” she can ****only**** be referring to ****THIS**** call, thus this is the only “call in” by Gordon that needs to be analyzed for alleged “too long” length.

**** QUESTION ANSWERED VIA OBJECTIVE ASSESSMENT OF FACTS:** Four (4) other calls in this cohort were either longer than or *almost* as long as my call to Dr. Fabarez, so – while my call in was a bit longer than average, it was NOT the longest at all; thus, if Jemty/Rydernik are truthful in their claims of “too long,” we'd expect that Dr. Rydernik would publicly call out these other four (4) callers on-air, as he is wont to do if he thinks they are off-base (not directly asking a question, not clarifying a point of confusion, etc.). That he did not do, so this is conclusive proof that “too long” isn't the genuine/true reason my call was not allowed on air. **So, the answer to the “question posed,” above, is “NO”: My call-in, prior to this program (her reason for not taking my call on-air) was NOT too long.**

**** DEVIL'S ADVOCATE TO BE FAIR:** To be fair, my call to Dr. Fabarez on 5/16/2026, at the top of the show, was 7 minutes, 10 seconds, and about 69% longer than the average call length of about 4 minutes, 25½ seconds. However, I almost never call in or am allowed to be on air, and my question – while a bit longer than usual – was on a **life/death matter** (altruistic filicide prevention with proper Biblical exegesis), not merely some boring less critical question like most have, thus I see no justification to complain so vociferously about my call being lengthy. Maybe that wasn't the reason after all, and merely an excuse to deflect from a difficult or emotional question.

**** ADDITIONAL FACTS TO VERIFY CLAIMS of “too long” are a “false witness” lie/falsehood about me:**

((#1.)) NO PRIOR COMPLAINTS: I have only called on once in years/decades, so far as I can recall, once a few months back when Dr. Mike Fabarez was filling in on Sat. 5-16-2026, and I was neither cut off (muted) nor told there was a problem at the time = probably no problem.

((#2.)) ABILITY TO MUTE/ / HANG UP EXISTS: Even ***IF*** screener or host thought my call would go long, they are fully capable of muting – or hanging up on me – or saying so. *Or: All of the above. Thus, Jemty/Rydernik's alleged complaint never posed any genuine threat to them – they were capable of fixing any such problem should it manifest.*

((#3.)) OTHER REASONS MORE LIKELY: My questions often ***are*** difficult, not lengthy, thus that is the prime suspect as to a reason I wasn't allowed on-air. **In fact, much, much objective evidence / testimony of this exists:** On multiple occasions, when I've call in & gotten through on the phones to OLL, Dr. Rydernik (or someone else – but probably him) instructed screeners to not take that particular Bible question – and screeners so informed me. **Once, Dr. Rydernik, himself,** was kind enough to honestly admit to me during a commercial break that he absolutely would ****NOT**** be taking that particular Bible question – unless/until HE was ready – and no reasons were given – but he was honest enough to admit, in so many words, the difficulty level of the question was beyond his ken. (Akin to a dentist trying to perform heart surgery or a cardiologist trying to extract a tooth – all are doctors, but this would be “outside their wheelhouse,” and an **honest doctor** would not pass the buck or deflect, but rather be humble/honest and admit the need for a specialist to help him/her in an area outside his/her specialty.)

My question (about end times rapture timing), while not as important as my infant soteriology vs altruistic filicide question (aims to save lives), but it wasn't taken because of retaliation or bias or prejudice against “serious” Bible questions that aim to save lives, vis-a-vis mundane questions that OLL prefers, which is a shame: Life-saving questions should be preferred.

Including the substance of this question is the linchpin of my argument. It proves to the reader that my inquiry was intellectually demanding and not easily answered with a quick soundbite. This heavily reinforces the core

hypothesis of this paper: the screener likely rejected the call because the *topic* was too difficult or controversial for live radio, using "length" as a convenient administrative excuse.

***** APPENDIX *****

The question that Jempty/Rydelnik refused to take either on-air or via mailbag on 8/22/2026 OLL program, probably because it was too difficult:

SUBJECT: Question for Dr. Rydelnik - Daniel 9:27

FROM: Gordon Wayne Watts <Gww1210@GMail.com>

DATE: Sun., Aug. 16, 2026 at 8:30 AM

TO: Openline@Moody.edu

Dr. Rydelnik,

Longtime listener from Plant City via WKES. I'm struggling to understand two things about the pre-tribulation view. First, if there is a publicly announced 7-year peace treaty (Daniel 9:27), wouldn't people be able to count down the exact timeline, destroying the idea of 'imminence'? Second, wouldn't the sudden vanishing of millions of people in a Rapture cause global panic, completely destroying the 'peace and safety' mentioned in 1 Thess. 5:3? Thanks for helping me understand!

Gordon

ADDITIONAL PROOF THAT MOODY "RUNS FROM" HARD BIBLE QUESTIONS

Scriptural standard to *NOT* "run from" study of difficult Bible questions:

**** PROVERBS 27:17 "Iron sharpeneth iron; so a man sharpeneth the countenance of his friend."**

**** ACTS 17:10 ¶ And the brethren immediately sent away Paul and Silas by night unto Berea: who coming *thither* went into the synagogue of the Jews. 11 These were more noble than those in Thessalonica, in that they received the word with all readiness of mind, **and searched the scriptures daily**, whether those things were so.**

**** II TIMOTHY 2:15 Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth.**

As documented in the section titled "*A deeper dive into infant soteriology: What does MBI (Moody Bible Institute) believe?*," on the flagship mirrors of *THE REGISTER*, <https://GordonWatts.com/#moody> and: <https://GordonWayneWatts.com/#moody>, Moody has a lengthy, and well-documented, track record of **both** taking "easy" Bible questions – *and also* "running from" difficulty ones:

**** Sat. 01-03-2015, OLL Show: REFUSED TO TAKE "DIFFICULT" CALL IN QUESTION:** Watts has concerns about "Open Line Live" not keeping their word **when call-screener refused to take caller's question on infant soteriology issue**, diplomatically concludes question was too hard (blames question, instead of blaming Moody Radio staff).

**** Sat. 01-30-2016, OLL Show:** REFUSED AGAIN TO TAKE “DIFFICULT” CALL IN QUESTION: Open Line Live took the “mailbag” question of “Mildred, in which Dr. Michael Rydelnik and producer, Deb Solomon, tried to talk Mildred out of killing her children, but Rydelnik admitted that if her “shortcut” logic were correct, it would be right, and then subsequently did not deny her logic had Scriptural basis – leaving listeners to wonder if he was admitting her shortcut to “kill her children to send them to heaven,” was a legit means to guarantee salvation of children. ***MORE IMPORTANTLY, Moody OLL again refused again to take Watts' call-in question*** to ask for a deeper study into this matter.

**** Sat. 11-13-2021, OLL Show:** ADMITS HE REFUSES TO ENGAGE BIBLE STUDY: Dr. Rydelnik, again (at least the 3rd time, by my count) refuses to take question on-air but tells Gordon off-air that he agrees "100%" with Dr. Charlie Dyer.

**** Tue., Dec. 23, 2025 at 12:31 PM (EST), E-mail:** STOPPED SHORT, REFUSED TO STUDY DIFFICULT SCRIPTURAL ISSUES – advised others to do likewise: Dr. Charlie Dyer, who answered Watts' emailed question previously, reaffirmed belief that Heb. 9:27 meant deceased infants got final judgment and had no opportunity to exercise faith BUT subsequently refused to clarify his belief on “krisis” vs. “krima” distinction in Heb. 9:27 vs 6:2, and NEVER answered or attempted to address the OSAS (Once Saved, Always Saved) paradox: If all babies are saved, and if OSAS, then all adults must be saved, but they aren't. ***TRANSLATION: Dyer NEVER engaged*** the difficult soteriology contradictions of infant universalism vs doctrine of faith Scriptures. He furthermore advised a colleague, Dr. Gerald Peterman, to disobey the scriptural mandates to study the Scripture on this point, as documented by a heated email exchange in which Watts accidentally misunderstood, and subsequently mischaracterized, Dyer's position – but later apologizing as soon as it was discovered. (***NOTE:*** In his Sat. 07-13-2024 broadcast, THE LAND AND THE BOOK, Dyer affirms the OSAS belief, with which author, Watts, agrees, thus his refusal to reconcile the apparent contradiction, is basically a refusal to engage difficult Bible study. Regarding his prior – well-meaning, but probably incorrect, exegesis of Heb. 9:27, it is said that a “partial answer” is not answering the question: Dyer refused to look at the Greek linguistics or contradictions with the doctrine of faith, etc.)

**** Sat. 02-28-2026, OLL Show:** REFUSED YET AGAIN TO TAKE “DIFFICULT” CALL IN QUESTION: Call-screener, Cheyenne, tells Gordon that Dr. Rydelnik refuses to take that question on-air, and to ask his pastor for help with this. **** Editor's Note:** Dr. Rydelnik doesn't keep his word to take any legitimate question ("Open" Line Live), and misses a chance to clarify correct theology to save lives, ie, rebut *****dangerous***** altruistic filicide, by refuting the incorrect theological motive of a "guaranteed salvation" theology by infant universalism.

**** Sat. 05-09-2026, OLL Show:** POSSIBLE MISUNDERSTANDING: Call-screener Cheyenne misunderstands Gordon; says he can't make statement but rather must ask question. Gordon clarifies that he seeks Dr. Rydelnik's take on his view on infant soteriology question that “Hammah” brought up in Second Hour calls, but Watts probably called in too late, so this entry may not be intentional “running from” difficult Bible questions, but rather an honest misunderstanding + calling in too late.

**** Sat. 05-16-2026, OLL Show:** GOOD WORK BY MOODY – AN EXCEPTION: Watts calls in to OLL and

asks Dr. Mike Fabarez (guest host) for analysis of his Heb. 9:27 exegesis as a possible solution to combat dangerous altruistic filicide based on unbiblical infant universalism. **Dr. Fabarez engages Watts, and has a productive Bible study**, promises to review his White Paper on this subject, and respond. (Editor's Note: I, Gordon Wayne Watts, had just emailed Dr. Fabarez, asking for a proofread, but had no idea he'd be guest hosting OLL just a few weeks later.

**** Sat. 08-22-2026, OLL Show:** Call screener, Lisa Jemty, tells Watts that he **will not be allowed to be put on-air with his Bible question (the subject of this paper) because when he's called in before, he's been "too long," a claim which this paper seems to very conclusively disprove.** This last set of well-documented sources and facts paints a different picture: **MOODY** deflects and "runs from" difficult Bible study, preferring "milk" of The Word, not "meat."

The Bottom Line – SUMMARY:

This analytical breakdown of Open Line Live (hosted by Dr. Michael Rydelnik) compares actual segment runtimes against **call screening logs** (*above and posted online*) to reveal a distinct pattern of **deflection**. The evidence shows that specific callers are being filtered **not** for exceeding time limits ("**too long**"), but because they present complex, challenging, theologically substantive, and difficult questions ("**too hard**").

IN PLAIN ENGLISH, we hope the reader focuses on the stark contrast between "too long" and "too hard," as the anchor for the technical data above.
